## INTERESTING MEETING AT BAPTIST CHURCH.

The monthly meeting of the W. C. T. U. was held Tuesday afternoon in the Sunday school room of the First Baptist church with a good attendance of the members. The president, Mrs. B. G. Summers, presided. Reports of committees, officers and superintendents of the various departments were given. Miss Rosabel Stewart, Mrs. H. C. Kingsbury and Mrs. J. T. Taylor were chosen as delegates to the W. C. T. U. county convention, to be held in Reynolds Sept. 26. Mrs. Woodin, superintendent of fall work, reported that a very important part of the service with the prisoners was in the music and singing. There is a full supply of singing books, but the organ can hardly be used. If there is any one that has an organ which they can donate for the service it will be greatly appreciated. A very interesting article, "Industry versus Alcohol," by Devie Edwin Theas, published in the Outlook, was read by Mrs. P. J. Wagner. The subject is not considered from the religious or moral, but from the industrial viewpoint. A few extracts from the large number cited will be of interest.

"The manager of a large business says 'Alcohol must go.' The thing that temperance fanatics have been unable to accomplish, that a political party has failed to do, that even religion has not been able to bring about is shortly to come to pass. Alcohol is going. Efficiency demands it. Industry calls for it. The signs of its passing are on every hand. Nothing but mental bias has kept us from reaching this viewpoint years ago. We were pre-possessed in favor of alcohol. While our scientists have for years been showing us the true nature of alcohol we hitherto refused to consider it dispassionately. The strong reason for the solicitude of industry for its human raw material lies in the imminence of an effective workmen's compensation law which will sweep aside all the obstructions of legal payments in settlement for death or disablement. This campaign of the manufacturers against alcohol is one for 'safety first.' While the saloon exists there can be no safety. Hence the saloon is doomed. Industry has started its work of eliminating the saloon by discriminating against the men who frequent the saloon. The Pennsylvania railroad that employs 125,000 men has rules that reaches even to the dismissal of an employee that frequents places where liquor is sold. During the year 1913 the company's 'observers' or 'spotters' made 784,675 'observations' but found only 158 men who were violating the rule against liquor. Go where you will, you will find the same thing, railways, steel mills, factories, either already have put the ban of liquor or are about to do so. Competitors will be compelled to follow suit or go to the wall. Efficiency is the crying need of the day. Alcohol must go because it is the enemy of efficiency."

A solo, "The City Four Square," by Miss Rosabel Stewart, concluded the program. The election of officers followed, which resulted in the choice of Mrs. Fred Titterton as president;

Miss Alwilda Young, recording secretary; Miss Ella Taylor, corresponding secretary, and Mrs. J. T. Taylor, treasurer. The selection of the vice president and superintendent of departments was deferred until the September meeting.

**D. M. C. CLUB AT LONG VIEW.**  
D. M. C. club members held a meeting last evening, Miss Minnie Nowack entertaining the club in Long View park. The girls omitted the sewing last night and spent several pleasant hours enjoying the park. The hostess served cooling refreshments. The club will be entertained in two weeks by Miss Sophie Bertelsen, 2103 Seventeenth street.

**BROTHERHOOD MEETS.**  
The Brotherhood of the South Park Presbyterian church held a meeting last evening in the church. The gathering was one of the best that have been held, and many plans were discussed for the work of the coming year. There was no program arranged for the evening, the men meeting informally to plan the work of the future.

**HOLD SOCIAL MEETING.**  
A social meeting of the O. E. S. Sewing circle, which proved a most delightful one, was held yesterday afternoon at the Masonic temple. The ladies left their sewing at home yesterday, and spent the time in chatting and general sociability. The hostesses of the day were Mrs. William Strawn and Mrs. W. B. Hatch, and they served refreshments during the course of the afternoon. The next meeting of the society will be held in two weeks.

**WYTHE-HAGGE.**  
The marriage of Miss Emma Hagge of Lyons, Iowa, and Roy A. Wythe of Fulton, Ill., took place this morning at 9:45 at the parsonage of the First Baptist church, Rev. H. W. Reed officiating. There were no attendants to the bridal couple. The new home will be in Fulton.

**D. L. CLUB MEETS.**  
A pleasant gathering of D. L. club members was held last evening with Miss Hulda Peterson, 1803 Ninth street. The young ladies spent the evening over their sewing, working on the porch, which was lighted and trimmed with Japanese lanterns. Light refreshments were served by the hostess on the porch also, and an altogether delightful time was spent. Miss Viola Carlson of Moline will entertain the club in two weeks.

**SCHLUETER-LEPPER.**  
Announcement is made of the marriage of Miss Edna Lepper, daughter of Mr. and Mrs. Christian W. Lepper, 1843 West Fifth street, Davenport, to Arthur Frederick Schluter, son of Mr. and Mrs. Henry Schluter of Mound street, East Davenport, the ceremony having taken place Saturday morning at 10 o'clock at the home of Mrs. William P. Ryn, 517 Fortieth street, city. Rev. I. O. Nothstein of the Grace Lutheran church officiated. The wedding was very quiet, owing to the illness of the father of the bride, and there were no attendants. The bride was in a gown of cream messaline silk, trimmed in lace, and she carried bride's roses. A wedding breakfast was served after the ceremony, and Mr. and Mrs. Schluter left later on a two weeks' wedding trip to Niagara Falls and other points east. They will be at home on their return at 1843 West Fifth street, Davenport. The bride is a student at Augustana college, where she will continue her work, and is also a teacher of piano in Davenport. Mr. Schluter is a member of the office force of Deere & Co.'s Moline.

**Ask to see our new Fall Suits, just arrived, at 12.50, 15.00, 25.00.**

**New Fall Skirts at 2.98, 3.98 to 10.00.**

**Former Prices 98c to \$1.50**

**Miss Gannon to Be September Bride**

Announcement of the approaching marriage of Miss Esther Loretta Gannon of this city to Frank Kemp of Moline was made last evening to the members of the Art Embroidery club who are entertained at Miss Gannon's home. Announcement cards making known the fact of the happy event were presented to the guests by little Leo Pepping and Dorothy Gannon, nephew and niece of the prospective bride. Contents were a diversion of the evening, a race guessing game giving the prizes to Mrs. Frank Pepping, first, and Miss Olive Berger, consolation. Light refreshments were served during the course of the evening. Miss Gannon is the daughter of Mr. and Mrs. C. M. Gannon, the well known grocer, 1432 Thirty-eighth street, and has a host of friends and acquaintances in the tri-cities who will extend felicitations. Mr. Kemp is employed as a salesman in Moline. The wedding will be an event of September.

There were no attendants. The bride was in a gown of cream messaline silk, trimmed in lace, and she carried bride's roses. A wedding breakfast was served after the ceremony, and Mr. and Mrs. Schluter left later on a two weeks' wedding trip to Niagara Falls and other points east. They will be at home on their return at 1843 West Fifth street, Davenport. The bride is a student at Augustana college, where she will continue her work, and is also a teacher of piano in Davenport. Mr. Schluter is a member of the office force of Deere & Co.'s Moline.

**HARMONY CLUB.**  
The Harmony club met yesterday afternoon with Mrs. Mary Mueller of Moline, the usual games of cards occupying the ladies during the afternoon hours. The meeting was to have been held with Mrs. August Paulsen at Campbell's Island, but as she was ill, Mrs. Mueller entertained, and her house guest, Mrs. Harry Wiggins of Detroit, substituted, winning high score. Mrs. Emil Heimbeck of Moline won the second prize, and Mrs. Gus Peters of this city received low score. The hostess served a luncheon after the game. The club will be entertained in two weeks by Mrs. Paulsen at Campbell's Island.

**SOCIAL ANNOUNCEMENTS.**  
The third in the series of ice cream socials being given by the Christian Endeavor Young People's union, will be held at the Central Presbyterian church, corner of Fourteenth street and Ninth avenue, Thursday evening. A short program will be given and ice cream and cake served.

**RESIDENTS OF MISSOURI DO \$1,000,000 ROAD WORK**  
Kansas City, Mo., Aug. 19.—Residents of 90 Missouri counties spent yesterday improving the highways in their vicinities. It was estimated that the roads had been improved to the extent of \$1,000,000 by the 150,000 volunteers.

Twelve hundred men, including many state officers and clerks from Jefferson City, worked on the roads near the state capital. Although the day was hot Governor Major stuck to his task of directing the work of 25 picked convicts from the penitentiary. "We will do \$2,000,000 worth of work in the two good road days," the governor said after receiving reports from over the state.

**Mighty Capella.**  
The star Capella is a hundred times brighter and hotter than our sun. If the earth were as near to Capella as it is to the sun the thermometer (if an instrument could be made capable of bearing such a temperature) would rise in July not merely to a hundred, but to 10,000 degrees F. The oceans would fly off in puffs of steam. The forests and fields would kindle and burn like matchwood. The mountains and hills would melt like beeswax in a red-hot oven! The earth in the rays of Capella would be as a moth in a candle flame.—New York Journal.

Cut out these coupons, they will save you money.

## HOUSEHOLD HINTS

**HOUSEHOLD HINTS**  
**THINGS WORTH KNOWING.**  
Linen is easier to write on when marking if dipped in cold starch. The pen will then write without scratching.  
To clean gilt frames, molding, etc., dip a soft cloth in the beaten white of an egg and gently wipe off the spots and dirt.  
It is best to give linens a long soaking before washing. If this method is followed stains will wash out easily.  
In the closet of the guest chamber there should be coat and skirt hangers.  
**THE TABLE.**  
Baked Spinach—Use a half peck of spinach. Pick over the leaves carefully, removing all wilted ones and the roots. Wash thoroughly and put in just enough water to start a steam. Cover until it begins to cook, turning the spinach with a fork so it will cook evenly. Young tender spinach will be a brilliant clear green without the addition of soda to the water, if cooked properly. Very little water is required and just as soon as the spinach is tender drain in a colander. Chop fine and put in a baking dish. Put a cup of milk in a sauce pan, add a teaspoonful of butter, a small teaspoonful of salt, a dash of pepper and a little grated nutmeg. Let all come to a boil and stir into spinach. Add two well-beaten eggs, and bake in moderately hot oven for about ten minutes. Serve at once. This may be baked in individual cups or dishes and served as an entree or for a luncheon dainty instead of meat.  
Salad a la Diable—Take the meat of one large, fresh boiled lobster and dice it; drain and dry twelve raw oysters; cut in half one fresh cucumber, remove the seeds, then slice it thin, mix and put in a bowl to marinate one hour in a dressing made as follows: Four tablespoons olive oil, two of horseradish vinegar, salt, cayenne pepper; teaspoon of Worcestershire sauce and one sliced shallot, two cloves and six drops lemon juice. Drain very carefully when ready, mix with mayonnaise and add a quarter cup of finely chopped celery. Serve in crisp lettuce leaves garnished with olives.  
Pineapple Surprise Salad—Take one ripe sugar loaf pineapple, pare and remove the eyes; then, with a long sharp corer, remove the center core, cutting it away freely. Make a filling of a quarter pound of Roquefort cheese, a tablespoon of chopped English walnuts, two tablespoons of chopped celery, pepper, salt and a tablespoon of sherry. Stuff the pineapple with the mixture and put away to chill for an hour, then slice on lettuce leaves, cover with mayonnaise and garnish with cream.  
Garden Salad—Boiled fresh beets, string beans, carrots and asparagus tips. Boil until done but not falling to pieces. Cool and dice; serve on lettuce leaves with French dressing, to which a tablespoon of onion juice has been added.  
Delicate Pudding—One and one-half cups water, one-half cup sugar, one-half saltspoon salt; mix and bring to boiling point. Wet three tablespoons cornstarch in a little cold water, stir into boiling sirup and cook ten minutes. Beat whites of three eggs to a dry froth and whip the boiling mixture into them; return to fire for one minute to set egg, adding one-half cup lemon juice and a little of the grated rind. Turn at once into a mold or individual cup to become ice cold. Serve with fruit or plain, or with cream for sauce. This is fine for sick people or anyone with a delicate stomach.  
Cheese Eggs—Grate a half pound of American dairy cheese, put it over the fire with a tablespoonful of butter, a half cup of good stock, a teaspoonful of salt, a dash of paprika and a teaspoonful of sauce. Stir until the cheese is melted; then put in four or five well-beaten eggs and cook three minutes. Serve on buttered toast. An excellent luncheon dish.

## HEART and HOME PROBLEMS

**MRS. ELIZABETH THOMPSON**  
Dear Mrs. Thompson: (1) Can you tell me a good recipe to make pork and beans with tomato sauce?  
(2) Can you give me a good recipe for tomato catsup like you buy?  
(3) What are the latest styles in furniture for dining room, living room and parlor, and what is the correct way to place the silverware at the table?  
(4) Are they using center pieces any more?  
**YOUNG HOUSEKEEPER.**  
(1) Soak two pounds of navy beans overnight in cold water, to which a little soda has been added. Next morning pour off the water and parboil. When beans are almost tender, pour off water, put them in a baking dish, put on top a chunk of salt pork—about a pound, either whole or sliced—season with pepper and a little salt, add a quart can of tomatoes, with about a tablespoonful of sugar (more if you like) and a tablespoonful of mustard (stirred up in a little tomato juice). Put this in moderate oven and bake until pork is done (three to four hours).  
(2) Catsup—One peck tomatoes, six onions, one quart vinegar, one cup salt, one tablespoon cinnamon, one of celery extract, one of ginger, one of black pepper.  
A good furniture deal of willow and rattan furniture is being bought now, and it is made for any room in the house. However, I would not advise you to furnish the house entirely in willow, as it will not remain in fashion permanently. Fumed oak is excellent for the dining room, mahogany for the parlor and mahogany in substantial form for the living room, or, if you prefer, any of the woods without a high polish. The styles are aimed at comfort more than useless elegance. Tapestry is much used for upholstery.  
(3) Only what is needed for the first two courses is placed on the table beside the plate; the fork at the left of the plate, the knife at the right, a small spoon and a soup spoon. The other silver is furnished with the courses as they are brought on.  
(4) Yes.  
Dear Mrs. Thompson: Please tell me how to get rid of lice and nits.  
**THANK YOU.**  
Mix equal parts of kerosene and olive oil. Rub this well into the scalp at night and wrap the head and hair tightly with a piece of muslin. Next morning wash the head with soap and hot water and vinegar, then use a fine-toothed comb to comb out nits. Repeat this process for three nights and you will have no more lice or nits on your head.  
Dear Mrs. Thompson: (1) I am a lady of 65 years of age and am going camping. Would white tennis shoes and pink stockings be appropriate for me to wear?  
(2) My husband has been dead for two years. Should I accept any proposals on my trip?  
**"ANXIOUS"**  
(1) Mosquitoes will bite through  
Poor old feet—give them a chance to rest. You forget they are there. Do your feet sweat and smell bad? Then you want TONGO quick. For TONGO makes them healthy again. It restores circulation. It gives them a nice, soft, clean skin like a baby's, and your tight shoes won't hurt any more. ## THE STORE FOR ALL THE PEOPLE

# YOUNG & M'COMBS

Cooperative Store Co., Rock Island, Ill.

## These Pretty Crepe and Voile Dresses to Go at \$5

Dresses in the late summer styles, beautifully made of fine crepe and voile. Some are handsomely trimmed in newest conceits while others tend to more simple trimmings.  
There is not a Dress in this lot but sold for twice this Thursday sale price. Some were priced to \$15 and \$18.  
With a fairly wide range of sizes from which to choose you will surely appreciate these Dresses at this special price of \$5.

## Dresses at \$1.00

The remainder of our stock of summer Dresses which were priced to \$8 are now on a rack marked at the above low price.  
A good range of styles and sizes. Surely a summer Dress at only \$1 is a mighty good investment at this time.  
**Beginning--Sale of Bathing Suits**  
Few stores carry as complete a line of women's Bathing Suits as this store did this season. Our sales have been exceptionally good, so good, in fact, that it leaves us with a depleted stock which we want to clear out in a hurry.  
Your choice of any Bathing Suit left in this stock at a Discount of 25%.

## Bed Time Tales

By Clara Ingram Jndson.

**A Fairy Parade**  
RAIN! Rain! Rain! It seemed as though it had rained all spring, and that summer would never come. The fairies grew so tired of the long cold winter and the long spring that they almost grew discouraged about a summer coming.  
"Do you suppose it ever will?" said one to another one day.  
"Oh, surely, I never heard of a year without a summer some time. Let's not worry. I believe one will come if we wait patiently."  
So they hid in their snug little holes and waited and waited for summer. Sure enough summer finally came, so bright and golden and sunny that the fairies immediately forgot there had ever been a winter or a rainy cold spring. They only remembered each happy summer day. They chased among the flowers and tumbled about with the butterflies, having the jolliest kind of a time.  
"I just feel so good all over me," said one fairy skipping gaily in the sunshine. "I want to shout and sing; I must make a noise of some kind, I feel so good."  
"That's just the way I feel, too," said another fairy, skipping along at his side, "the air is so fresh and warm, the flowers smell so sweet, it seems to me I just must say or do something. I feel so happy."  
They rolled about on the soft moss and played by the brook a little while without speaking.  
"I tell you what let's do," said the first fairy, as a happy thought struck him, "let's go ask the fairy queen if we can't have a parade, a real noisy, shanty parade of all the fairies who are glad that summer is here."  
The second little fairy clapped her hands gaily. "That's just the very finest idea anybody ever had," she shouted, "and we will have every fairy in the forest join us."  
They skipped off to find the fairy queen. She was in her mossy palace, deep in the heart of the forest. "Oh, Fairy Queen," they cried when they reached her, "we want to have a parade."  
A parade? exclaimed the Fairy Queen. "What do you want a parade about?"  
"We want a parade because we feel so good about summer," they said.  
The fairy queen laughed heartily at such a ridiculous idea.  
"You must not laugh," said one of the fairies soberly, "it's not funny a bit, we really mean it. You see, we all feel so good that we want a parade and make a big noise."  
"Yes," interrupted the other fairy, "and we want every fairy who's happy that summer is here to be in the parade with us."  
"All right," said the fairy queen, who was always pleased to do what her subjects wished, "I think that's a very fine idea, you call the fairies together for the parade."  
(To be continued.)
